## SUMMARY

Hi! I'm Dan, a fresh graduate in BSIT who is passionate and dedicated web developer with a strong interest in creating responsive and visually engaging user interfaces. I'm always eager to learn new technologies and stay updated with the latest trends in web development. With a keen eye for detail and a problem-solving mindset, I enjoy improving both the technical and design aspects of every project I work on. I'm driven, adaptable, and excited to grow every day as a developer.

<b>Movie App</b> (ReactNative, NativeWind, Appwrite, TMDB API) <ul style="list-style-type: none"><li>A cross-platform movie app built with React Native, NativeWind, and Appwrite, featuring TMDB API integration for browsing movies, user authentication, and saving favorites. It offers a clean, responsive UI and seamless user experience.</li></ul>	<b>2025</b>

## OJT

Web Developer Intern | UI/UX Team Lead | Supsoft Tech | March 2025 – June 2025

- Received internal training in ReactJS and foundational lessons in Laravel under the guidance of the Team Lead.
- Integrated Laravel backend APIs with the React frontend using Axios to enable eff data communication across modules.
- Contributing to CertiCode, a certification platform, by assisting the frontend team with design updates and responsiveness fixes.
- Implemented a "Seminar History" table in the user profile section to enhance user experience and functionality.
- Actively participating in UI/UX redesign efforts for the CertiCode Attendance module, focusing on improving usability and visual design.
- Leading a small team of interns in UI/UX initiatives, ensuring consistent design practices across the platform.

## COMMISSIONS

Team Leader | Freelance Frontend Developer | Remote | July 2025 - Present

**AcadFlow: A Centralized Web-Based Platform for Academic Records Management and School Form Digitization for Castañas National High School.**

- developed a centralized web-based portal that digitizes and modernize the preparation of DepEd School Forms (SF 1–SF 10), automates reporting and certificate generation, and provides secure access to academic records and school data for teachers, students, and parents.

Tech Stack: React js, Tailwind css, Laravel, MySQL, Zustand

**AppliLoan: A Web-Based Information Management System using Descriptive Analytics for Sariaya Multi-Purpose Cooperative General Merchandise/Appliances Center**

- Designed and developed a web-based system that improves the service of the Sariaya Multi-Purpose Cooperative General Merchandise/Appliances Center and incorporates descriptive analytics capabilities, enabling the administrator to gain valuable insight from gathered data.

Tech Stack: React js, Tailwind css, Daisy UI, Laravel, MySQL, Zustand

## WORK EXPERIENCE

Junior Full Stack Developer | MK International Trading | Onsite | July 2025 - Oct 2025

**Indigo - A Ride Hailing Application**

- Contributed to the development of UI/UX and frontend designs to enhance the overall user experience and interface consistency.
- Implemented user management features across the Rider and Customer applications, and Web Admin.
- Assisted in developing core Rider App functionalities, ensuring smooth and intuitive interactions.
- Integrated real-time notifications to improve communication and engagement between users and the platform.
- Collaborated with team members through regular meetings to align project goals and ensure timely progress.

Tech Stack: React Js, React Native, Express, NodeJs, PostGres, Firebase, Websocket, Tanstack Queries

## SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, Typescript, Tailwind CSS, Bootstrap, WordPress

Back-End: Node.js, Express.js, PHP, Laravel, REST APIs, WebSocket, JWT (Authentication)

Database: MySQL, MongoDB, PostgreSQL, Firebase, , AWS S3

Tools: Git, GitHub, VS Code, Figma, Postman, Vercel

Practices: Responsive Web Design, UI/UX Design, Cross-Browser Compatibility, Agile, API Integration

## ACTIVITIES AND ACCOMPLISHMENTS

---

### - Google Developer Student Clubs – Loyola HackFest 2023: Reconnect

Ateneo De Manila University

(Team: ELITE DEVS - Mystify)

- Web development NextJs101: An Introduction to Rapid Web Development.
- Product Design & UI/UX How to Build Products People Love.
- Product Pitching Pitch Perfect: Mastering the Art of Product Pitching

### - ITSC 2023: LIFT - OFF Discovering IT Together Through Exploration Collaboration, and Competition

SYNTAX - CSTC Sariaya

- QUIZ BEE (CHAMPION)
- HACKATHON (CHAMPION)

### - Zuitt Coding BootCamp

- Zuitt's Open House Workshop Course using Git, HTML, and CSS
- Zuitt Free - Coding Bootcamp: Javascript Game Development Workshop
- Zuitt Free - Coding Bootcamp: Data Visualization Workshop

### - UDEMY COURSES

- HTML, CSS, and Bootstrap for Beginners Course
- HTML, CSS, and Javascript for Beginners Course
- Ultimate Front-End Bootcamp - CSS, Bootstrap, JQ, JS & React
- React.js AI Chabot built with ChatGPT, Gemini, and DeepSeek
